

# Canyon's Unofficial Census Count for 1960 Reaches 5,819

Canyon's unofficial census count for 1960 is 5,819. These figures were announced this week by Clyde Cook, district supervisor of the U. S. Bureau of Census headquarters in Amarillo. This represents an increase of 1,455 since 1950, but is far short of the mark of most prognosticators. The census count in 1950 was 4,364.

Census figures for the county were not available Wednesday morning, but it is expected that that figure will more than double the 1960 census, due to the rapid growth southward of Amarillo. Meanwhile, Randall County seems to be bucking the trend in farm population. In county after county throughout Texas, census reports have shown that families

have moved from rural areas in large numbers since 1950. **Rural Count Static** This has not been the case for Randall County, which shows a loss of only six persons in rural areas of the county. A rural area is defined as any part of the county located outside the limits of any city. The preliminary population total reported for rural Randall County

is 2,911 for 1960. In 1950 it was 2,917. Urban population in 1950 was 10,857, and this is the figure that is expected to soar after the 1960 census count is made public. J. B. "Bud" Hickman of Canyon, crew leader of the census enumerators for the rural area, said the rural population count would have been much higher, but that Amarillo annexed several square miles

of territory in Randall County just before the count started. **854 College Students** For all practical purposes, these residents still live in rural areas, but fall within the incorporated limits of a city. Therefore, they could not be enumerated by Hickman's crew. Of the 5,819 persons counted in the limits of the City of Canyon, only 854 were enumerated on the

campus of West Texas State College. College students are added to the population of the city where they are enumerated, not to the population of the city they call home. **'Believed Correct'** Cook said the unofficial census "is believed to be substantially correct, but is subject to revision after the returns for non-residents

are credited to their proper locality and other routine checks have been made. "Although a significant revision is unlikely, minor revision may possibly occur after careful examination of the returns. The official announcement of population will be made at a later date by the director of the Bureau of the Census," Cook said.

## Four Runoff Races On Tap for Demos

Absentee voting begins Monday in Randall County for runoffs in two county election races, one district race, and one statewide race for members of the Democratic Party.

Anyone who voted in the election last Saturday has qualified himself as a Democrat.

Runoffs are necessary to elect the Democratic nominee for commissioner of precinct 1 and a county judge, as well as state representative for the 94th Flatorial District and a judge for the Court of Criminal Appeals.

### Ran Neck and Neck

B. E. "Bailie" McCormick, the incumbent, and B. R. Jones ran neck and neck for commissioner to reach the runoff primary, which will be held June 4.

Carroll E. Brown ran far ahead of the pack in the race for the office of county judge, but couldn't muster a majority vote and must face a runoff with Wayland C. Angel.

In the state representative race, William L. "Jerry" Lee outpolled Evetts Haley, Jr., to ease into the runoff with Ted Springer, the incumbent.

### Four Candidates Unopposed

In the statewide race for judge of the court of Criminal Appeals, W. T. McDonald raced Lloyd W. Davidson, the incumbent, to a standstill to win a spot on the runoff ballot.

Four area candidates were not opposed in the election and won hands down.

Grady Hazlewood was re-elected state senator for the 31st senatorial district; L. S. "Slim" Johnston was re-elected sheriff of Randall County; Glenn W. Dowlen was re-elected county commissioner of precinct 3; and W. A. "Bill" Wilson was re-elected judge of the peace of precinct 1.

The countywide vote for offices with more than one candidate was:

For state representative, district 94F, Haley, 2,218; Lee, 2,145; Springer, 3,075.

For county judge, Brown, 3,141; Jack J. Haines, 783; Angel, 2,016; Burnett, 1,392.

For tax assessor and collector, Paul Funston, 2,850; Bill Money, 4,551.

For county commissioner, precinct 1, B. W. "Jack" Flippin, 708; Jones, 864; Don L. McGregor, 116; Raymond Wineinger, 788; J. E. McAvoy, Jr., 99; McCormick, 837.

For chairman of the Randall County Democratic Executive Committee, David Matthis, 4,088; Marion Bruce, 2,764.

(Unofficial results on last Saturday's Democratic primary may be found inside this week's News.)

## Legislator Due For Speech Here

H. J. "Doc" Blanchard of Lubbock, chairman of the House Investigations Committee which recently probed into the link between crime and law enforcement in Potter and Randall Counties, will be guest speaker at the Canyon Junior Chamber of Commerce installation banquet Saturday.

Blanchard, a Lubbock attorney, is to speak on the investigation which he and members of the committee carried out for the televised hearing held in Amarillo in March.

The state representative will be introduced by J. Edgar Wilson, recently re-elected state representative for the 93rd District.

Jerry LaGrone, immediate past president of the Canyon Chamber of Commerce, will serve as master of ceremonies.

## Educator to Speak At WT Graduation

Climaxing observance of West Texas State College's Golden Anniversary year, Dr. Arthur S. Adams, president of the American Council on Education, will be speaker for spring convocation May 22, President James P. Cornette has announced.

Approximately 300 candidates for degrees are expected to hear Dr. Adams at the exercises scheduled in the field house at 5 p.m.

Pre-commencement activities for graduating students open May 19 with a Senior Class and Awards Day assembly, and a reception for graduating students and their families May 21, given by Dr. and Mrs. Cornette.

### Held in Esteem

Probably one of the most noteworthy Americans in education today, Dr. Adams has a long and varied career in college and university teaching and administration before being named to his present post in 1951. He was provost of Cornell University for two years and president of the University of New Hampshire until 1951.

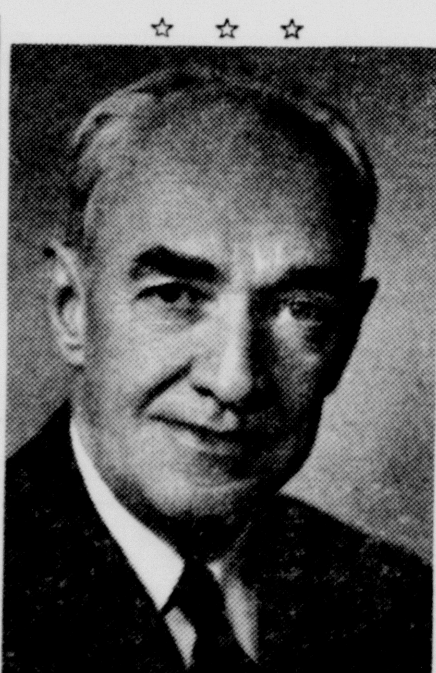

More than two dozen colleges and universities, including Michigan State, Texas Christian, Miami, and Cincinnati, have conferred honorary degrees upon Dr. Adams every year since 1944.

He is a member of the board of trustees of the Brookings Institute, Educational Testing Service, Institute of International Education, and the Teaching Films Custodians, Inc.

Dr. Adams is a graduate of the United States Naval Academy, University of California, and holds the Sc.D. from Colorado School of Mines.

### Served in World Wars

After seeing active duty in the Navy during World War I, Dr. Adams taught in Denver, Colo.,

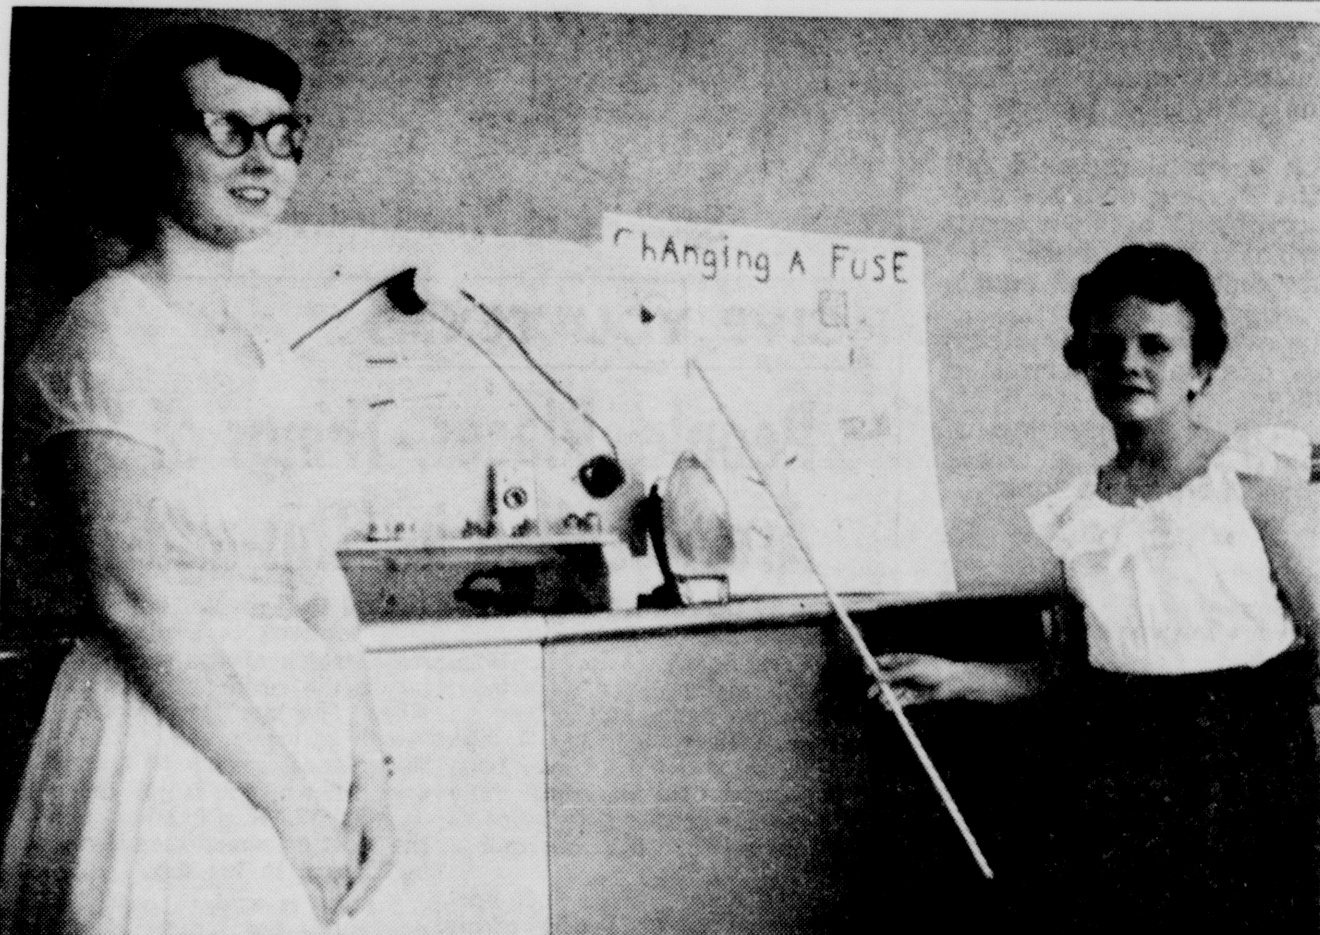

DR. ARTHUR S. ADAMS

School of Mines, and Cornell University. He again was called to active duty during World War II, and was administrator of the Navy V-12 program, for which he received a special citation from the Department of Defense.

A fellow of the American Association for the Advancement of Science, Dr. Adams is a member of the American Society of Mechanical Engineers, Society for the Promotion of Engineering Education, American Association of School Administrators, and an associate member of the American Association of University Professors.

Dr. Adams is the author of two books, "The Development of Physical Thought" and "Fundamentals of Thermodynamics," and of numerous articles in professional, educational, and technical publications.

Rated as one of the two top teams in the electrical team demonstration contests held by District 4-H Clubs Saturday were two Randall County lasses, Virginia Friemel, left, and Lucy Tueck. They will attend the state round-up in June.

## Electrical Team Going to State

Winning the right to compete in the state 4-H Club Round-Up, two Randall County 4-H Club girls captured second place in the District 1 electrical demonstration contest held Saturday on the West Texas State College campus.

Virginia Friemel, daughter of Mr. and Mrs. Alvin Friemel, and Lucy Tueck, daughter of Mr. and Mrs. Lewis Tueck, will compete in the round-up to be held at College Station June 7-9.

Their demonstration shows the correct procedure for changing a fuse.

Virginia Friemel won first place in the junior division of the sewing contest sponsored last week by White & Kirk's of Amarillo. She modeled a willow green silk shag dress with bone white shoes and bag and a hat of matching fabric.

The two top teams in senior contests are eligible to compete in the state contests.

Other Randall County entries in the district contests were Kay and Janie Fisher, first place in junior vegetable team; Cindy Gruner, junior dairy foods individual; and Ann Fisher, senior dairy foods individual.

Judges for the annual affair, sponsored in cooperation with the agriculture and home economics departments of WT, were departmental senior students, under the direction of Charles M. Smallwood and Miss Elizabeth Cox, department heads.

Mrs. Marilyn Baker, home service advisor for Southwestern Public Service, worked with Virginia and Lucy, who will present their demonstration before several clubs in Canyon and Amarillo before state competition.

The state round-up will draw 23 other teams to compete.

## Posse Planning County Round-Up

Randall County Sheriff's Posse will sponsor the first annual Randall County Round-Up this fall, it was voted last week by the organization's board of directors.

Randall County Round-Up will consist of a rodeo, old settler's reunion, and an old fiddler's contest, according to R. B. Allen, president of the posse.

The event will be held September 14-16, with a barbecue scheduled to get the last day's activities underway.

## Services for Kuykendall Slated Today at Chapel

Funeral services are scheduled for 3 p.m. at LaGrone Funeral Chapel Wednesday for Jesse Ellison Kuykendall, 67, father of Conway Kuykendall of Ralph Switch.

Mr. Kuykendall died Monday in San Angelo of a heart attack. He was a resident of Crane. Burial will be in Dreamland Cemetery.

## Precincts Conduct Quiet Conventions

Little excitement is expected Saturday at the county convention of the Democratic Party if the tempo of the precinct confabs is retained.

Biggest news at precinct conventions last week was when Evetts Haley, Jr., candidate for state representative, and his wife were locked out of the Precinct 13 convention. The Haleys had arrived a few minutes late for the meeting.

Otherwise, there was little action in any of the precincts.

### For Small Government

The only precincts which did anything not expected were 9 and 10. Precinct 9 adopted a resolution opposing federal aid to schools, liberalization of social security laws, and asked "that our government be made smaller instead of larger."

Precinct 10 adopted two incongruous resolutions. One endorsed Lyndon B. Johnson for president, which most of the precincts did, while another resolution said the convention "strongly" supported Mrs. Frankie Randolph of San Antonio as a candidate to the executive committee of the Democratic Party.

### Action at the conventions:

**Convention Action** Precinct 1 elected Ted Reid chairman and Hosea Foster secretary; voted to bind delegates to

the county convention to the unit rule; endorsed Johnson for president, and voted to send its delegates to the county convention uninstructed.

Precinct 2 elected Mrs. Tom C. Gooch chairman and Mrs. John L. Hammons secretary, and is sending its delegates uninstructed to the county convention.

Precinct 3 elected Robert O. Strickland chairman and Conway Kuykendall secretary.

Precinct 6 elected George L. Grogan chairman and Beverly D. Dampf secretary.

### Supporting Johnson

Precinct 8 elected W. P. Janssen chairman and George Brockman secretary; adopted the unit rule.

Precinct 9 elected J. D. Webster chairman and Guyon H. Saunders secretary; adopted the unit rule; adopted a resolution supporting Johnson, and adopted a resolution opposing certain governmental proposals.

Precinct 10 elected Donald Camp chairman and Preston R. Steed secretary; adopted resolutions supporting Johnson and Mrs. Randolph.

### More Precinct Action

Precinct 11 elected J. Robert Poole chairman and Mrs. Jack W. Waghorn secretary; adopted the unit rule.

Precinct 12 elected William Q. Boyce chairman and Mrs. Joseph M. Ray secretary; adopted a John-

## Baseball Season About to Start

Old Man Baseball will soon take charge of Canyon.

This became evident this week as the Little League and Babe Ruth League announced dates for tryouts for the coming baseball season.

Little League will occupy the time of most boys between the ages of 9 and 12, while boys between the ages of 13 and 15 will be involved in Babe Ruth League activity.

### Tryouts Start Thursday

Little League will hold its try-

outs Thursday and Friday at old Buffalo Stadium for the coming season. Boys who want to play in the league this year must report to the stadium by 4 p.m.

Also anyone interested in helping with Little League this year is asked to contact the Little League managers at the stadium Thursday or Friday.

Managing the four Little League clubs this year will be Velton Sarge, M. L. Sherrod, Don Briggs, and Jim Boyce.

### Opening Not Set

Starting date for the season has not been decided yet, but will be announced in the near future.

Tryouts for Babe Ruth League will be held Thursday, May 19, and Friday, May 20, at 5:30 p.m. at the Babe Ruth stadium in Connor Park.

Youngsters who want to play in Babe Ruth League this year must have birth certificates with them when they try out, George de Schweinitz, league secretary, said.

Registration for Babe Ruth League will be conducted Friday at school by the principals. Registration must include the name, address, telephone number and date of birth of the player.

### Play Starts June 7

The league will open its 1960 season Tuesday, June 7, at 8 p.m. The schedule includes 12 games for each of the four teams. As an added inducement for 13-year-olds, the younger players will play preliminary games on two of the four regular playing dates each week.

Games will be played Monday, Tuesday, Thursday, and Saturday. Managing the teams this year will be Chet Reynolds and Roy Greer, Dewey Hunt and Maxie Sanderson, Glenn Dorris and Eddie Holcomb, and Borden Price.

### Park Shaped Up

Secretary de Schweinitz said the Babe Ruth League park has been put into top condition. "Sidney Burgess, Don Olson, George Ritter, and the City of Canyon have done the lion's share of getting the park in its present fine shape," de Schweinitz said. "The Explorer Scouts have helped clean up weeds just outside the park, and Paul Funston has agreed to take over the responsibility of lining up volunteers for umpiring."

And so with school almost over, parents had better get set for the annual baseball invasion.

## Condemnation Suit Settled

An out-of-court settlement in a right-of-way condemnation suit was accepted by the Randall County Commissioners' Court Monday.

The suit was against the late Mrs. Nellie Abrahamson for 165 frontage feet taken for the Amarillo Expressway. The commissioners agreed to pay the Abrahamson estate \$7,300, the original offer for the land.

Mrs. Abrahamson had sought \$35,000, but was awarded \$6,600 by condemnation commissioners. The award was appealed and was awaiting retrial.

In other action, the commissioners authorized County Judge W. J. Flesher to sign a renewal of a bi-county city health unit agreement with Potter County, Canyon, and Amarillo. Dr. Albert Randall, director, requested the renewal.

The school tax rate in Umbarger school district was set at \$1 per \$100 valuation, the same as last year's rate.

Commissioners authorized Judge Flesher to invest \$1,400 in the county permanent school fund in long term government bonds.

They accepted a bid of \$179 from F. M. Kinney for repair of the water tank on the county fire truck. They also agreed to advertise for one or more electric typewriters.

## Fronabarger Rites Held Here Monday

Funeral services for Dr. Benjamin Ford Fronabarger, 66, a resident of Canyon since 1915, were held Monday at LaGrone Funeral Chapel.

Dr. Fronabarger, a retired professor of English at West Texas State College, died Saturday night at his home at 2522 Fourth Avenue. Death was attributed to a heart attack.

Head of the WT English department for more than 20 years, Dr. Fronabarger was born July 26, 1893, in Springtown, Texas.

He moved here with his family in 1915 when his father, Dr. B. F. Fronabarger, took over the pastorate of the Baptist church. His father also was a county official for many years.

Dr. Fronabarger retired from the teaching profession in 1953 at WT after teaching at several area high schools and North Texas State College in Denton and Hardin-Simmons University in Abilene.

He was a member of the First Baptist Church of Canyon, a member of the Rotary Club, and a past vice president of Dreamland Cemetery Association. He was a veteran of World War I.

Rev. Strauss Atkinson, pastor of the First Baptist Church, officiated at the services.

Burial was in Dreamland Cemetery, with LaGrone Funeral Chapel in charge of arrangements.

Survivors include the mother, Mrs. Virginia Lee Fronabarger of Canyon; a sister, Miss Elva Faye Fronabarger of Canyon, and a brother, Luther Fronabarger of Canyon.

Pall bearers were Mitchell Jones, Lee Foster, Earl Reynolds, Tom Brasher, A. B. Holt, and Don Stand-

ley. Honorary pall bearers were Dr. J. A. Hill, president emeritus of WT, and Dr. James P. Cornette, president of WT, and members of the faculty.

## Caesar's Plans

Teamsters Union President Jimmy Hoffa says it is naive and stupid to think that he ever would call an economy-paralyzing nationwide transportation strike, even if he attains the power to do so.

Even so, he is intent upon acquiring that power, through organization of all transportation unions into a joint council with labor contracts which expire simultaneously.

Before you conclude that Boss Hoffa is showing a benevolent streak, or has come to recognize that great power confers upon its holder the responsibility of acting with restraint and caution, consider his reasons for saying that no nationwide transportation strike will be called. They are coldly and calculatedly practical.

In the first place, it would not be necessary, he says. Picking out key lines on which to strike would be just as effective, and would quickly bring the entire industry to its knees.

In the second place, it would be too

expensive. No union could stand the financial strain of paying strike benefits to all the nation's transportation workers at one time.

Unquestionably the shrewd Teamsters leader is right.

The threat of a strike that would bring to a stop all the wheels of transportation, the undoubted power in the hands of one man to call such a strike, would be sufficient. The nation, facing the danger of having even its supply of food cut off, would be compelled to bow to his will.

A man in such a position could not only command the signing of labor contracts drawn according to his own terms but could, if he wishes, make himself the country's absolute dictator. The people would be at his mercy.

That is why the overweening ambition of this labor boss can not be permitted to be realized.

It is why no man and no group of men can be allowed to gain the power that this would-be Caesar envisions.

## Medical Aid Needs Study

Even before the program was in such form that it could be publicly presented, President Eisenhower had listed his medical care plan among the items of legislation it is "urgently necessary" for Congress to enact before it quits two months hence. There are at least half a dozen other matters, most of them complex and some of them highly controversial, which the President places in the same category of urgency.

This attaches a "hurry up" label to a program which was not even conceived until a few weeks ago, and which therefore has been rushed to completion under forced draft. It is the presentation, in one form, of an idea that has been kicking around in Washington for a long time without getting down to the point of being seriously considered by Congress. Whether it represents the best application of the idea, assuming that government action along this line is advisable at all, is hardly a matter for spur-of-the-moment decision.

As early as November 19, 1945, in a special message to Congress, President Truman called for a compulsory health program to insure adequate medical care to all citizens. Eight times during his administration he adverted to the subject in communications to Congress, though with less and less insistence as he seemed to learn that the question is one fraught with difficulties and complications and a sharp departure from traditional American ways.

Perhaps the sheer magnitude of undertaking to place the entire population of the country under the wing of government for medical care purposes, plus such considerations as the almost spec-

tacular growth of private medical insurance and the element of compulsion which Americans instinctively abhor, had something to do with the fact that Congress never has come to grips with the issue. Now it appears in narrowed form, applying only to those in the age bracket above 65. Even in a program of this restricted latitude, many of the difficulties remain and will have to be solved.

Admittedly there is a problem, and it becomes more acute as the costs of medical care rise. The administration plan proposes to attack the problem at its most acute point, in a program that would join the federal government and the states in providing medical care insurance for the above-65 age group. It is supposed to be voluntary, but it is doubtful that any nationwide, tax-supported program can be truly voluntary.

The most disquieting thing about the proposal is that it was put together in haste, prompted largely by the need for a political answer to the more liberal Forand bill which has Democratic backing. It would be even more disquieting if Congress should act on the administration plan in haste, spurred by cries of urgency that allow no time for sober and careful consideration of the form of the plan, its adequacy even for the purpose it professes, and the direction in which it will be taking the country. Before it is passed, these things should be thoroughly understood not only by Congress but by the people at large, together with the costs to a government already living too largely on borrowed money.

## People, Places, Things of State Are Recalled in 'This-and-That'

By BOYCE HOUSE

This-and-that: In Fort Smith, Ark., in 1925, gathering material for an article, I visited the police station and an old-time officer, learning I was from Texas, asked if I'd ever been in Comanche. He remarked, "The last time I was there, five bodies were laying on the courthouse square."

Rep. Howard Green of Fort Worth used to be sports editor in Abilene. While attending high school, he wrote a sports article which won second place in a Texas contest — and first in a national contest.

Big Spring used to be the location of a big spring (I am told), but it disappeared. Tired of having so many visitors ask where the spring was, citizens, back in the 1930's, built one.

Neon signs are all right but they can't compare with that now-vanished sign in San Antonio, showing a cowboy roping a steer.

Post was named for C. W. Post, the cereal king ("Grape-nuts" was one of his products).

Tris Speaker, one of the all-time greats of baseball—was born (the old record book said) in Hubbard City—only don't call it that to an inhabitant; he'll tell you the name is Hubbard.

And people who lived in the

general Brown - Eastland Counties' area referred to a place as Maytown, which always seemed to displease the residents, who called it May. The late Mark McGee, Fort Worth attorney, who had one of the keenest senses of humor I've ever known, was from there and so was W. R. Chambers, one of the most esteemed members of the legislature in his day.

Strawn is said to have had—at one time—the largest number of fine homes of any city between Fort Worth and El Paso. This was early in the century when coal mining was in full swing and several rich ranch families lived there.

## What Our Neighbors Say ...

## Scissor Snippings

Bascom Nelson in the Castro County News: Out in west Dimmitt, where the Nelson manor lies hidden behind a lush growth of dandelions, pansies and deboughed elm trees, there are a group of cats.

We have in the past paid even less attention to cats than they paid to us, but it's hard to live in the midst of a big herd of the brutes without noticing them occasionally.

Some of them have a slight resemblance—in character at least—to some people we have known.

For instance there is a big gray fuzzy one that lives under our turned-over sailboat. I would say that this cat wants to live out its life in peace, to raid silently the local garbage can and return to its abode. This feline introvert leads a well-ordered life for the most part, disturbed only when we go sailing or a dog gets under there with him.

There's another one that can be found licking himself in front of the garage every day when we come home. It's a shock to drive in sort of dazed from a seige at this office only to see that black, evil, mysterious apparition glaring at us. He must have a guilty conscience to go with his evil demeanor because he invariably slinks away like he was caught in the act of robbing a bat's nest or something.

There's a younger one that lived around the place for a while. He either grew up or the dogs got him. But he was bad for the back screen door since he was always

climbing it. He was all friendliness while he lasted. Maybe that's why he didn't last. Anyway you could almost get to like a cat like that.

One night we heard a funny racket out on the front porch and opened the door to find one of these grade A cats you read about in the magazines. I believe they call them Siamese cats. Anyhow he had found himself outside after dark and in a strange part of town and he was apparently scared to death. We opened the front screen door about a quarter of an inch and he squirted inside bounding from one part of the house to the other apparently looking for something familiar. That was the highest-strung cat we ever saw. We would bet he had ulcers. Maybe in the primeval world of cats he had just cause for being scared. He sure wanted to stay inside until the sun came up.

There are a baker's dozen other cats in the neighborhood, but most are transient, moving from block to block always looking for something better or tastier in the trash barrels. Or maybe they're staying ahead of a new dog in their old neighborhood. Or maybe they owe some bills or taxes which they're trying to evade.

Anyway they all show an unnerving similarity to many human traits, both good and bad.

We believe you can learn more about humans watching cats than watching dogs. You can't learn much about humans by watching humans because they can cover their feelings, personality, and

character too well.

Paul Crume in the Dallas Morning News: Ira B. Lee pulled up before a pair of mail boxes the other morning. One was marked "Dallas Only" and the other "Out of Town."

Lee carefully sorted his letters into two stacks and mailed them.

As he started away, a mail truck hurried up and stopped. The driver got out with a single mail sack, emptied both boxes into it and departed.

Jimmie Gillentine in the Hereford Brand: The folks down Lubbock way passed a curfew ordinance Tuesday, which may well spread over the Panhandle. According to the new ruling boys and girls, ages 17 and under, will not be allowed on the streets after 12 p.m., except Fridays and Saturdays, when the curfew will be 1 a.m. The vote was overwhelming, running about 7 to 1 in a total of around 8,500.

### WBC Discusses 2 Newest States

A program on the latest additions to the United States was presented when the Woman's Book Club met in the film room of the West Texas State College library April 27.

Mrs. Michael Morris lead a discussion of Hawaii, and Mrs. Alfred Bellah discussed Alaska and presented a film "An Arctic Adventure," which showed a number of

Panhandle residents on a recent trip to Alaska under the leadership of Cotton John Smith. Guests for the program were Mrs. Artis Stumper and Mrs. Lucille Hutchins.

During the business session Mrs. Roy Lyles and Mrs. C. A. Boatman were elected to membership in the club.

Truth is often discounted-gossip is quoted at face value.

## VFW Auxiliary Plans Poppy Sale

The Ladies Auxiliary to the Lucius Penick Veterans of Foreign Wars Post 5681 met in a regular business session recently to plan their annual poppy sale, scheduled for the last of May.

This year, the Boy Scouts of America will sell poppies, instead of the VFW auxiliary. The auxiliary will cooperate with Meredith Warren and his Scout troop by driving the boys about and providing refreshments.

In other recent meetings, members were instructed in floor work, or how to conduct formal meetings, by District 13 Conductress May Brown of Tulia.

Three new members, Allene Arnold, Eva Jean Mickey, and Ruby Williams, were new additions to the membership, bringing the total to 41.

## Guynes, Cunningham Set August Wedding

Mr. and Mrs. R. V. Lewis of Fort Worth have announced the engagement of her daughter, Miss Joyce Ann Guynes, to Arthur Melvin Cunningham, Jr., son of Mr. and Mrs. A. M. Cunningham of Canyon.

The wedding will take place August 13 in Fort Worth.

Both are seniors at Hardin-Simmons University, where she is treasurer of Cowgirls, and he is president of the Student Association, a member of Who's Who, and a member of the varsity basketball team.

Most people find it easy to look at the bright side of life as long as it is turned their way.

Hard tasks mastered early in life will make the tougher problems easier to master later on.

Rev. and Mrs. Carl E. Wagner, 409 14th Street, announce the engagement and approaching marriage of their daughter, Delores, to William R. Glenn, son of Mr. and Mrs. Norman Glenn 1902 Eighth Avenue. The wedding will be held June 25 at the Joseph A. Hill Memorial Chapel on the campus of West Texas State College.

Visiting in our town last week was a spunky 87-year-old woman who knows what democracy is all about.

In her hometown there was to be a runoff in the mayor's race. Her candidate (for whom she had telephoned before leaving home) was one of them. So she applied for an absentee ballot. In due course, the formal application blanks arrived by mail, had to be filled out, notarized and returned.

With the energy of a young attorney running for governor, she prodded her son-in-law until he got this piece of mail notarized and on its way back home. Three days later, the absentee ballot arrived. Again, within 24 hours, properly filled out and sworn to, the ballot was homeward bound.

Each hour's delay had meant a major crisis — and a world of entertainment — in the household where the determined lady was attending to her rights as a citizen.

Later in the week, when her hometown paper arrived, she was somewhat crestfallen to find her candidate for mayor had been a bit too outspoken in his criticism of the city councilmen, several of whom were 'her boys.' So whether she won or lost the mayor's race had ceased to be important long before election day. What remained did matter — she had exercised her franchise and had cast her vote.

If every eligible voter in the United States cared as much for his right of suffrage — and believed as strongly that his vote would count — it would take more than Russian saboteurs and atomic missiles to shake the world's greatest democracy!

## Washington Report Commencement

By Representative Walter Rogers  
18th Congressional District

In only a few weeks over 3,000 young Americans will graduate from high schools in the 18th Congressional District. Some of them will begin careers immediately while others continue their education at colleges and universities all over the nation.

But whatever their future plans and ambitions, the day when these young men and women are handed their diplomas is a proud one not only for the students themselves, but for the parents and teachers who have done so much to insure that an education means understanding as well as knowledge.

Here in Washington, I am always reminded of our high school graduations as thousands of students from across the United States arrive for class visits. As they walk through the capitol building and see Congress in session, it will be only a few months until they begin to accept the responsibility for furthering the heritage which was in considerable part forged in that very building.

### Opportunities Abound

I trust that none of them ever ignores the fact that this heritage, which has made America so strong and free, is not something which was completed before their time. It is true that the basic groundwork was laid almost 200 years ago and that many significant advances have been made since. Nevertheless, the opportunities and even the necessities for building the American ideal are just as demanding in 1960 as they were in 1776.

After receiving their high school diplomas, our young people will confront a world which demands the utmost in precise thinking and resolute action.

While our forefathers began a nation with the powderhorn, plow, and axe, people of today and tomorrow will continue the process with tools a thousand times more complex. This complexity should not frighten these young people, for within it lies the potential for great good. They should be aware that the potential for great harm is also there, and that their efforts can be directed against that harm.

### Difficult to Preserve

In addition to this, I hope that the prospective graduates will remember that democracy is the most difficult of all possible forms of government. There is a trend in our nation to leisure and comfort, and it makes us all happy that more and more are reaping the benefits of our phenomenal advances. But the processes of our government can never become

### IMAGINATION

Each one of us must breathe some imagination into our daily jobs or boredom will result.

# Department of Health Conducts Courses for Managers of Pools

They're some great times ahead for Texas' swimming enthusiasts. They've got 13,000 pools to choose from, and the season is right at hand.

And things stand to break even better for the wet set in days to come. According to the National Swimming Pool Institute, Texas will have some 50,000 pools in 1970, almost quadruple the present number.

But play for plungers means work for someone else, namely State Health Department engineers and local health department sanitarians who sponsor training courses for pool managers and personnel from border to border.

## Began School in 1956

The department began its voluntary program of training operators in 1956. Day-long courses are held at various points throughout the state, and cover such diverse subjects as chlorination, filtration, and sanitation.

So far, 1,216 pool operators have been certified by the Department through the medium of short schools. Others will be added to the certified list by summer's end.

It's all in the interest of healthful recreation.

Four Texas cities, including Amarillo, with suitable meat inspection ordinances and inspection programs meeting state specifications have qualified under the new joint municipal-state cooperative meat inspection program.

Several other cities have their acceptance pending. Thirty-nine meat and meat product processing establishments have been surveyed under the new procedure.

## Cities Are Inspected

Cities seeking qualification are surveyed by inspectors from the Veterinary Public Health Division of the State Health Department for conformance to state specifications and regulations concerning meat and meat product inspection approved by the State Board of Health.

Various establishments are also inspected for compliance. Meeting the requirements permits the establishment to affix the state approved meat label to their products.

The cooperative program became effective March 1, 1960. (A weekly feature of the Public Health Education Division of the Texas Department of Health.)

LT. BOB WILKINSON

## Wilkinson Ends Training Course

Army Lt. Bob L. Wilkinson, son of Mr. and Mrs. Charles V. Wilkinson of Canyon, recently completed the officer basic course at The Infantry School at Fort Benning, Ga.

Instituted for officers who have not yet served with troops, the 10-week course is designed to familiarize each new officer with the administrative and tactical responsibilities of an infantry unit commander.

Lieutenant Wilkinson is a 1954 graduate of Canyon High School and a 1959 graduate of West Texas State College. He is a member of Alpha Tau Omega fraternity.

## Irlbeck Has Part In 'Big Thrust'

Army PFC Robert F. Irlbeck, 24, son of Mr. and Mrs. John J. Irlbeck of Happy, is participating with other personnel from the First Armored Division in Exercise Big Thrust, a two-week field maneuver at Fort Hood, Texas. The maneuver is scheduled to end May 15.

Big Thrust, being conducted under simulated combat conditions, is providing nearly 6,000 participating troops with training in military operations expected on the modern battlefield.

Irlbeck, a rifleman in Company A of the division's Sixth Infantry at Fort Hood, entered the Army in May, 1958.

He is a 1953 graduate of Price College High School in Amarillo.

## PROTECT THIS INCOME WITH HAIL INSURANCE

During 1959 in Texas alone, more than five and one-half million dollars in crop hail damage claims were paid by insurance companies. Statistics show that equally that amount of loss was suffered on crops that were not insured. Your Texas Farm Bureau agent can give you complete details of the Farm Bureau policy that allows you more insurance per acre than any other policy. Texas Farm Bureau maintains their own staff of adjusters so you are assured of fast, equitable payment on all your claims. See your Texas Farm Bureau agent NOW — be sure of adequate insurance coverage for your crops.

## Last Rites Held For Mrs. Scott

Funeral services for Mrs. Stacy Maranda Scott, 79, of 2013 Second Avenue were held Tuesday at LaGrone Funeral Chapel. She had lived in Canyon and Randall County for 37 years.

Officiating at the services were Dr. Joe Findley, former pastor of the First Christian Church, assisted by Rev. Dale Harter, pastor of First Christian Church.

Mrs. Scott died Sunday at Thurmon's Rest Home in Amarillo. She was a member of the First Christian Church of Canyon.

Born in Stephens County, Texas, September 19, 1880, she married I. W. Scott December 25, 1905. Mr. Scott died in 1949.

Burial was in Dreamland Cemetery, with LaGrone Funeral Chapel in charge of arrangements.

Survivors include three daughters, Mrs. V. E. Dodson of Hereford, Mrs. H. V. Lee of Amarillo, and Mrs. D. R. Weaver of Canyon; one son, Ira W. Scott of Hereford; one brother, George Black of Asherton, Texas, and six grandchildren.

## WARREN'S

### ELECTRIC DRYER

Watch and win! See a demonstration of an electric clothes dryer — you may win it. Yes, after the demonstration of this appliance at your participating Reddy Kilowatt dealer's, your name will be entered on a registration card. You could win — you have the same opportunity as anyone else — why not try it?

### ELECTRIC FREEZER

Watch and win! An electric home freezer is a money saver for every family. See a demonstration — ask the salesman to explain how foods can be bought in quantity at substantial savings — how garden-fresh vegetables can be quick frozen, preserving the nutrition so important to health. Be sure to register after you have your demonstration.

**WATCH and WIN**

### ELECTRIC DISHWASHER

Watch and win! Here's an electric appliance that rids you of red, rough hands from messy dishwater. All you do is push a button or turn a dial. Dishes come out sparkling clean and far more sanitary than you can ever make them by hand washing. It's a great appliance... one you'd like to win. You may, too, by registering after you've had your demonstration.

### ELECTRIC RANGE

Watch and win — the basic appliance that starts you on your clean, cool and convenient all-electric kitchen. By registering at your participating Reddy Kilowatt dealer's after you see your demonstration of an electric range, you may win the range demonstrated to you. Yes, watch and win!
